

Protus Receives Multiple 2008 Product of the Year Awards from Communications Solutions Magazine

MyFax and my1voice Recognized for Outstanding Innovation

Ottawa (May 28, 2009) - [Protus](#), the provider of the highest quality software as a service communications tools for small-to-medium-businesses and enterprise organizations announced today that Technology Marketing Corporation's (TMC) [Communications Solutions](#) has named [MyFax](#), the fastest growing [Internet fax service](#), and [my1voice](#), the cost-effective, [feature-rich virtual phone service](#) for small business, recipients of the 2008 Product of the Year Award.

"Protus has been recognized with a 2008 Product of the Year Award for their excellence in the advancement of voice, data and/or video communications," said Rich Tehrani, TMC President and Group Editor-in-Chief. "Protus has proven they are committed to quality and excellence in solutions that benefit the customer experience as well as ROI for the companies that use them. I am pleased to honor their hard work and accomplishments and look forward to more innovative solutions from them in the future."

"We are honored to receive this recognition for not one but two products," said Joseph Nour, CEO of Protus. "Our goal is to create tools that help small and medium size businesses as well as enterprises operate more effectively. This award is evidence that the hard work of our team has paid off."

MyFax allows users to securely send and receive [faxes](#) via e-mail. Since faxes are sent and received using existing email accounts and the Web, the need for [fax machines](#), [fax servers](#), fax supplies, dedicated lines, and costly long-distance charges is eliminated.

my1voice enables calls to be answered by a virtual [auto-attendant](#), and personalized and professional greeting messages can be created. With the [call forward](#) Find Me/Follow Me feature, incoming calls can be forwarded to additional phone numbers in sequential order or all at once so that they are never missed. [Voicemail messages](#) can be stored and managed online just like email, and you don't need to switch phone services when signing up.

The 2008 Communications Solutions Product of the Year Award winners can be found on the [INTERNET TELEPHONY](#) and [Customer Interaction Solutions](#) Web site.

About TMC

Technology Marketing Corporation (TMC) is an integrated global media company helping our clients build communities in print, in person and online. TMC publishes [Customer Interaction Solutions](#), [INTERNET TELEPHONY](#), [Unified Communications](#), and [NGN Magazine](#). TMC is also the first publisher to test new products in its own on-site laboratories, TMC Labs. TMCnet, TMC's Web site, is the leading source of news and articles for the communications and technology industries. TMCnet is read by three million unique visitors each month worldwide, according to Webtrends. In addition, TMC produces [INTERNET TELEPHONY Conference & EXPO](#) and [Communications Developer Conference](#).

About MyFax

[MyFax](#) is the fastest-growing Internet fax service used by individuals, small, medium and large businesses to send and receive faxes using existing email accounts or the web. MyFax offers services in North America and Europe, including the United Kingdom, to industries recognized among the fastest-growing adopters of Internet fax including healthcare, finance, insurance, real estate, transportation and government. More than 15,000 new customers subscribe to MyFax each month. MyFax is a Software-as-a-Service (SaaS) business communications solution provided by [Protus](#). Other offerings include [my1voice](#), a feature-rich virtual PBX service and [Campaigner](#), an email marketing service enabling organizations to have highly personalized one-to-one email dialogues with their customers. Additional information is available at [www.campaigner.com](#), [www.my1voice.com](#) or [www.myfax.com](#).

About my1voice

[my1voice](#) is a cost-effective, feature-rich virtual PBX phone system designed specifically for organizations with one to 25 employees that want professional-quality business telephone services without the overhead of installing and maintaining special phone equipment. Unlike standard, equipment-based PBX systems, my1voice allows businesses to obtain benefits such as auto attendant, multiple extensions, voice mail and more whether employees are inside or outside the company walls. My1voice is a Software-as-a-Service (SaaS) business communications solution provided by [Protus](#). Other offerings include [MyFax](#), the fastest-growing Internet fax service used by individuals, small, medium and large business, and [Campaigner](#), an email marketing solution with advanced automation features. Additional information is available at [www.my1voice.com](#).
